As of 1.1.2025, the new ATECO 2025 (classification of economic activity) classification came into effect.

The reclassification process from the old code to the new ATECO code is carried out ex officio by the relevant Chamber of Commerce as of 1.4.2025.

It should be noted that interested companies can be informed of the update by the individual Chamber of Commerce through a specific message.

In case the newly assigned code does not correctly identify your company's sector, it will be necessary to update it.

The cost for handling any ATECO code change file is 50 euros + VAT plus secretarial fees.

This amount includes consulting, preparation of the necessary documentation, and submission of the application to the Chamber of Commerce.

In any case, your referring professional will contact you.

The Firm remains available for any clarifications.
